

Watering Schedule:

This is meant to provide you with some information regarding your landscaping needs, often brown spots are caused because of insufficient water.

Heads:	70 degrees	80 degrees	90 degrees	100 degrees
Spray lawn 25-35 minutes	4-6 days between	3-4 days between	2-3 days	1-2 days
Rotor lawn 55-75 minutes	4-6 days between	3-4 days between	1-3 days between	1-2 days between
Drip flower beds 1 hour to 1:15	3-5 days between	2-3 days between	1-3 days between	1-2 days between

By adding a little more water to your lawn you can cure brown spots most of the time
